What We Offer

Xplore 24 promises to raise the bar, continuing the tradition of excellence while introducing cutting-edge themes and activities. Whether you're a tech enthusiast, a management geek, or an artist at heart, Xplore 24 has something for everyone.

EVENTS

Xplore 24 will feature an exciting lineup of events, including hackathons, robotics competitions, and coding challenges for tech enthusiasts, alongside management games and entrepreneurial workshops to foster leadership skills.

Technical Events

BattleBots Arena ROBOWAR

The BattleBots Arena invites you to unleash your fiercest creation in a high-stakes robotic showdown. Flip, immobilize, and dominate your way to victory in the ultimate arena battle. Will your bot reign supreme?

BattleBots Arena: XPLORE'24 Robowar Showdown! Compete with 25kg robots in high-intensity, 3-minute battles. Flip, immobilize, or push your opponents out to claim victory. Build, battle, and dominate—only the best bot wins!

- Date: 08/02/25
- Time: 9:00 AM - 4:00 PM
- Registration Fee: ₹699

PRIZE POOL 35k

team strength 3-6 members

Robot Specifications

- Weight: Maximum 25kg (including all components)
- Dimensions: 50x50x50 cm (10% tolerance allowed).
- Motors:
 - Maximum power: 350W.
 - Maximum voltage: 24V.
 - Maximum speed: 1000 RPM.
- Weapons:
 - Non-destructive only (e.g., flippers, wedges).
 - No cutting, crushing, or damaging mechanisms allowed.
- Control:
 - Wired: Minimum 5m cable length.
 - Wireless: Battery must be securely inside the robot.

Arena Specifications

- Size: 240x240 cm.
- Boundary Rules: Pushing the opponent out of the arena scores 10 points.

Scoring Criteria

- Flipping the opponent's robot: 5 points per successful flip.
- Immobilizing the opponent's robot: 5 points.
- Pushing the opponent's robot out of the arena: 10 points.

Match Rules

- Round Duration: Each match lasts 3 minutes in total.
 - The match is divided into 2 rounds, each lasting 1.5 minutes.
- Timeouts:
 - Each player/team is allowed 1 timeout per match (1-minute duration).
 - Penalty: A 5-point penalty will be applied if the robot exceeds the time limit provided for timeout.

Pointing System

- Matches are decided based on cumulative points across all rounds.
- In case of a tie in total points after all rounds, judges will decide the winner based on robot control, strategy, and performance.

Safety Guidelines

- Robots must pass a pre-event technical inspection.
- No fire, explosive, or hazardous materials allowed.
- Participants must follow event coordinators' instructions at all times.

Event Rules

- Any violation of the rules results in disqualification.

SPARKDUINO SHOWDOWN

The Sparkduino Showdown is a hands-on prototyping challenge where participants design innovative solutions to real-world problems in domains like Smart Home Automation, Health Care, and Assistive Technology.

Date:February 6, 2025

time:9:00 AM - 3:00 PM

venue:DIGITAL ELECTRONICS LAB(CB 11),GCE KANNUR

About The Event

Guidelines

- Teams must develop their projects on-site; preassembled projects are not allowed.

- Participants can bring additional components required for their prototypes. These components must be approved before use.

- All prototypes must align with the given domains and be functional for evaluation.

Maximum of 3-4 Members

LOGIC EXPLOSION

Step into a high-stakes mission to defuse the ultimate logic bomb! Assemble the right connections to achieve your goal, but beware—precision is everything. One wrong move could trigger the explosion—will you conquer the challenge?

Date:February 7, 2025

time:10:00 AM - 3:00 PM

venue:DIGITAL ELECTRONICS LAB(CB 11),GCE KANNUR

About The Event

REG FEE: 200 per Team

TEAM STRUCTURE: Max.3 members

PRIZE POOL: 4k

VENUE:DIGITAL ELECTRONICS LAB(CB 11)

DESCRIPTION: Logic Explosion is an exciting competition where participants use their understanding of logic gates, circuits, and problem-solving skills to navigate through three elimination rounds. The competition tests their knowledge of digital circuits, their ability to design logic circuits, and their speed in solving logical puzzles.

GUIDELINES:

- The event consists of 3 rounds with elimination after each, and the top 6 teams of Round 2 will advance to Round 3.
- The competition will focus on logic gates and related concepts. Teams of up to 3 members are allowed.
- Strict adherence to time limits and internal team collaboration are required.
- The decision of the judging panel will be final.

URBANOVATE

Create a transformative arena where civil engineering meets innovation! Unleash your ingenuity to craft groundbreaking solutions that shape the cities of tomorrow. It's not just a hackathon, it's your stage to revolutionize the way we build the world!

Date:February 8, 2025

time:9:00 AM - 2:00 PM

venue:AB 05,A BLOCK,GCE KANNUR

About The Event

URBANOVATE (Civil Technology based Ideathon)

Registration fee:200/- (per team)

3-4 students per team

Prize pool:4k

Guidelines:

1. Each team must have 3 to 4 members, with at least one member from the Civil Engineering department.

2. The problem statement will be provided on the evening before the event, and teams must prepare their solutions accordingly.

3. Teams must prepare and present their innovative solutions based on modern civil engineering technologies within the given time limits.

4. Laptops or any other electronic devices will not be provided. Teams should bring their own if needed.

5. Evaluation will be based on innovation, feasibility, technical depth, and presentation skills. Judges' decisions will be final.

WORKSHOPS

(followings are workshops (thos are only the workshops))

Xplore 24 will feature workshops tailored to span all branches of engineering, providing hands-on learning experiences for students of Civil, EEE, ECE, CSE, and Mechanical Engineering.

FLUTTER WORKSHOP

Join us for an exciting Flutter workshop where you will learn to build stunning mobile apps from scratch. Let's see how developers build apps for multiple platforms using a single codebase. Join us at Xplore'24 for an exciting hands-on Flutter Workshop, where you'll dive into the world of cross-platform app

development! Whether you're a beginner or looking to sharpen your skills, this session will help you master Flutter to create stunning, high-performance mobile applications.

What's in Store?

- Introduction to Flutter – The Future of App Development
- Hands-on coding session to build your first Flutter app
- Understanding UI/UX design with widgets & state management
- Live demos, expert guidance, and interactive Q&A

Date: February 8, 2025

BIM Workshop

This workshop offers comprehensive training in Building Information Modelling (BIM), focusing on advanced techniques to create, analyze, and manage intelligent 3D building models.

Unlock the power of Building Information Modelling (BIM) with our exclusive hands-on workshop at Xplore 24 GCE Kannur! Designed for aspiring civil engineers and architects, this session will introduce you to the fundamentals of BIM, its real-world applications, and how it is transforming the Architecture, Engineering, and Construction industry.

What to Expect?

- Introduction to BIM and its importance in modern construction
- Hands-on training in leading BIM software
- Real-life case studies and industry best practices
- Interactive Q&A with expert instructors

Date: February 6, 2025

Time: 9:00 AM - 5:00 PM

Location: Civil CAD Lab (MB120)

Fee: ₹500

For Queries Contact:

Abhina : 81290 71257

Shahaba: 62820 95759

3D Printing and Designing Workshop

Introduces the essentials of 3D printing and design, focusing on crafting detailed prototypes and advanced models using state-of-the-art 3D printing technology.

Step into the world of additive manufacturing with the 3D Printing & Designing Workshop at Xplore'24 – GCE KANNUR! This hands-on session will introduce you to the fundamentals of 3D modeling, prototyping, and printing, helping you transform your creative ideas into tangible models.

What to Expect?

- Overview of 3D printing technology & its real-world applications
- Hands-on training in 3D design software & modeling techniques
- Live demonstration of 3D printing processes
- Expert insights, practical tips & interactive discussions

Date: February 7, 2025

Time: 1:30 PM - 5:00 PM

Location: Mech CAD Lab (MB019)

Fee: ₹350

For queries contact:

IOT and Embedded Systems Workshop

Whether you're a curious beginner or an aspiring innovator, this workshop is your gateway to understanding the basics, mastering the intricacies, and discovering the boundless possibilities of these cutting-edge technologies. Step into the future of smart technology with the IoT & Embedded Systems Workshop at Xplore'24 – GCE KANNUR! This hands-on session will introduce you to the world of Internet of Things (IoT) and embedded systems, where hardware meets software to create intelligent, automated solutions.

What to expect?

- Introduction to IoT concepts & real-world applications
- Hands-on training with microcontrollers & sensors
- Building & deploying embedded systems for automation
- Live demonstrations and expert insights

Learn how to design, program, and integrate smart devices that can communicate, sense, and respond to their environment.

Date: February 8, 2025

Time: 9:00 AM - 1:00 PM

Location: High-Tech Classroom (Main Block)

Fee: ₹350
